TITLE : Real time river water quality monitoring and control system

IBM CLOUD

Team lead

The screenshot shows the IBM Cloud Dashboard for a user with 'Team lead' privileges. The dashboard includes a sidebar with navigation icons, a top bar with 'Dashboard' and 'Create resource' buttons, and a main content area with several tiles. The 'For you' section features a large 'Build' tile and five smaller tiles: 'Monitor your resources', 'IBM Watson Machine Learning', 'View APIs and SDKs', 'Set up your IBM Cloud account', and 'Browse a data catalog'. Each tile has a 'Getting started' button and a duration. The bottom section includes 'User access', 'News' (with a 'View all' link), and 'Planned maintenance'.

Team member 1

The screenshot shows the IBM Cloud Dashboard for a user with 'Team member 1' privileges. The dashboard layout is similar to the Team Lead view but with different content. The 'For you' section includes the 'Build' tile and five smaller tiles: 'Monitor your resources', 'Discover the Watson Internet of Things (IoT) Platform', 'Create and deploy an application', 'Create an OpenShift cluster', and 'Set up your IBM Cloud account'. The bottom section includes 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'.

Dashboard

For you

Build

Explore IBM Cloud with this selection of easy starter tutorials and services.

Getting started

5 min

Monitor your resources

Get visibility into the performance and health of your resources.

Getting started

10 min

Discover the Watson Internet of Things (IoT) Platform

Use the built-in web console dashboards to monitor your IoT data and analyze it in real time.

Getting started

5 min

Create and deploy an application

Browse our starter kits, and then select one to jump start the process to create and deploy your app.

Getting started

20 min

Create an OpenShift cluster

Deploy apps on highly available clusters with Red Hat OpenShift on IBM Cloud.

Getting started

10 min

Set up your IBM Cloud account

Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources.

Getting started

10 min

Create a new resource

Get started

5 min
